At the New Years services Wednesday evening and this morning at Temple B'nai Israel the music was especially beautiful. It was in charge of Mr. Rowland D. Sunday will be the last day for Dr. Goodrich at the St. Luke's church, when his friends will no doubt turn out en masse, for his earnestness of purpose, energetic helpfulness and sterling characteristics have endeared him to a multitude of people both in and out of his church, and his early departure is a source of much regret. The members of St. Luke's are arranging a general meeting of farewell for Sunday evening, the early departure of the family precluding any large social events. Dr. and Mrs. Goodrich will be the guests at dinner Thursday evening of Miss Nellie Taylor and Miss Gene Witten, and Saturday evening of Mr. and Mrs. W. P. Damon. School Children Can't Afford Handicaps

In a remarkable test, recently made under the supervision of the State Board of Health of Minnesota, over 9000 school children were questioned as to what they ate for breakfast.

A large percentage of the breakfasts consisted of coffee, bread and butter; coffee and oatmeal or some other cereal; coffee and hotcakes; coffee and biscuits; coffee and coffee cake, or coffee alone. Probably the same conditions prevail everywhere throughout the country.

"IS IT ANY WONDER," SAYS THE EXAMINING PHYSICIAN, "THAT 23 PER CENT OF THESE CHILDREN HAVE FREQUENT HEADACHES?"

He was thinking of the chief cause—coffee. And it IS no wonder when we consider that coffee contains the powerful drug, caffeine, a nerve poison and notorious cause of headaches, heart trouble, sleeplessness, irritation, and other ills!

Parents often wonder why their children are sickly, dull and backward in school, when frequently the cause lies in the homely, accepted habit of giving them a beverage containing an insidious poison.

When scientists and Boards of Health everywhere are speaking out against the dietary dangers to which children have been so long subjected, it is high time that parents take heed and correct these conditions. No child should be permitted to use coffee. It is easy to furnish them instead the pleasant, pure food-drink—

Instant Postum

Made from wheat, roasted with a bit of wholesome molasses, Postum contains the goodness of the grain and is a most delicious beverage, economical, convenient and free from coffee drugs or any other harmful substance.

Postum comes in two forms: The original Postum Cereal, which has to be boiled; Instant Postum—soluble—made in the cup with hot water—instantly. They are equally delicious, and the cost per cup is about the same for both kinds.
